V. Human Services
J. Glicksman presented the October 2022 Human Services (HS) report, which is on file in the Human Services office.

- Senior Center Renovation - The project is currently underway. The issue of venting for the HVAC and the space above the windows has likely been resolved with a new venting design which will utilize smaller ERV units (while still providing maximum ventilation required for the space and potential occupancy) clustered more closely together and venting out of the lower side roof. The ceiling will not have to be lowered and the construction company will continue to order the mechanicals as soon as a change order is in place. Staff, Susan Davidson, the Silver/Petrucelli representative and Olympus Construction continue to meet every other week with email correspondence consistently providing good, current communications.

- Center Building Renovation Committee, Center Gym – Four finalists have submitted plans for the design. The Center Building Renovation Committee will meet in November to interview firms and will submit its recommendation to the BOS. The Committee agreed that it will take on the task of the separate center gymnasium project (with funds received as a result of a $500,000 STEAP grant).

- Budget – Capital, Operating- The FY24 Capital budget was submitted on October 28, contingent upon the approval from the HS Commission at its November meeting. HS is requesting a new car. The decommissioned car, received from the Police Department in
2020, has a substantial number of miles on it. The department will need to replace the vehicle as soon as possible. This has become a yearly request as we are consistently asked to utilize vehicles which have exceeded their useful lifespan. Should HS be granted this request, HS will look to purchase a vehicle through the State Department of Administrative Services - State Contract program. Also included is a room divider and installation, as well as a built-in projector, mic system, room controller and screen for the cafeteria.

J. Ciarleglio made motion to approve the budget as presented. A. Sanchez seconded. Motion was unanimously approved by roll call vote.

- Holiday Basket Program - It looks like we have 50 donors who will be matched up with approximately 50 families. If anyone is looking to adopt a family or make a donation, please contact the Ellen at the Human Services office.

- Scouting for Food Program - BSA Troops 63, 907, and 410 of Woodbridge completed their annual Scouting for Food drive to benefit the Woodbridge Food Pantry. Special thanks to Scout Master Bill Nardini and Aron and Ben Smith for organizing this event. Residents donated over 3500 lbs. of food to help their neighbors this winter. This should provide the town’s food pantry with enough non-perishable food items to last the winter.

- Meeting dates 2023 HS Commission – V. Livesay made a motion to approve the 2023 Meeting Schedule. B.P. Madden seconded. Motion was unanimously approved by roll call vote.

A. Holzman made a motion to accept the October 2022 Human Services report. C. Austin seconded. Motion was unanimously approved by roll call vote.

VI. Old Business/New Business

- Next Meeting – December 5, 2022 via Zoom.
