## Annual Town Meeting: June 2

Eligible citizens in Woodbridge are encouraged to attend the recessed in-person Annual Town Meeting on Wednesday, June 2, 2021 at 6:30 pm at the Woodbridge Fire House at 100 Center Road. Bay doors will be open providing ventilation to keep residents as safe as possible, and there will be outdoor space available, weather permitting. We continue to do all we can to keep our residents safe. **Masks and social distancing will be required.**

Woodbridge always holds the Annual Town Meeting on the third Monday of May, and this year in the interest of public safety, the Board of Selectmen voted to hold the meeting virtually, but the virtual format and our Town Charter requirements became incompatible and very time consuming. The Board agreed to recess the meeting and reschedule it for June 2, so that everyone can be heard. According to the Woodbridge Town Charter, if 250 eligible residents (or more) are in attendance, residents will have an opportunity to vote on each line item to increase, decrease or eliminate any line item in the budget. *The entire budget cannot be voted on in a single vote—it must be voted on line by line.* Again, I encourage everyone to attend this most important meeting.

Every year, the Town's budget process begins in the winter when department heads make requests which are vetted at public meetings by our Boards of Finance and Selectmen. At the Preliminary Budget Hearing in April, residents had an opportunity to ask questions or make comments. You may view the proposed budget and Preliminary Budget Hearing presentation and video of the hearing on the Finance Department page on the Town's website.

The Town recently received notice that Verizon/Cellco has filed its application with the State Siting Council, seeking approval to erect a 100-foot tower at 118 Newton Rd. This is a *private* transaction between a resident and Verizon/Cellco. Over the past several months, the Board of Selectmen offered multiple alternative sites to Verizon, and also engaged an attorney and engineer with experience working against cell towers in residential neighborhoods. This is extremely disappointing news, and the Board of Selectmen will discuss how to proceed at our June meeting. I remain opposed to erecting towers in any residential neighborhood in our Town.

Due to significant illegal dumping at the former Country Club property, our Public Works Department has now installed barriers and a gate blocking the main parking lot. The property is still open to the public, but the lot is closed to cars. Parking is available at the small lot across the street from the property. Since the clubhouse at the former Country Club of Woodbridge has been vacant, it has attracted constant vandalism and the building has continued to deteriorate. It is, in my opinion, a potential danger, and I am happy the Board of Selectmen agreed to include its demolition in a list of projects to be presented to a Special Town Meeting.

The Town will also need to borrow for other projects:

- Remove the clubhouse and outbuildings at the former Country Club of Woodbridge. No matter the property's future, the removal of these buildings will be necessary.
- Convert the Old Firehouse into a Community Center and create a storage facility for the Fire Department to house materials currently in the Old Firehouse, and add a sidewalk connecting Amity High School with our Town Center.
- Renovate and update the Senior Center so that our seniors will have a modern, fresh, welcoming and air-conditioned space.
- Refurbish three roofs at Beecher Road School.

Most importantly, borrowing rates are at historic lows so now is the time to do these projects. *Our debt service has, and continues to fall, so this will have minimal impact on our budget.* Together these projects will transform the center of our Town into a more dynamic, active and attractive place that will help us create and sustain the sense of community that is sometimes hard to come by due to our geography. Coming out of a pandemic I believe that community building is even more important than ever. Also, Woodbridge is resuming the Summer Concert Series and initiating other events, including the Second Saturday Series. As we bring people together, we continue to follow the State's advice and, in order to protect residents and staff, we will require masks in Town buildings. As always, please do not hesitate to reach out to me with any ideas or concerns—stay safe Woodbridge!

—First Selectman Beth Heller

## Safety Tips from the PD

Atlantic hurricane season runs June to November, with peak season in mid-August to October. Hurricanes can cause catastrophic damage to shorelines and several hundred miles inland. High winds, torrential rains, and flash flooding can persist for days.

A Hurricane Watch means a storm may be possible within 36 hours, and a Hurricane Warning generally indicates a storm within 24 hours. The Woodbridge Police Dept. offers the safety tips below to residents.

- Secure outdoor property and clear clogged gutters and downspouts.
- Charge cell phones and personal computers.
- Have available ample food and water, flashlight batteries, and water for sanitary purposes and flushing toilets.
- Remain indoors, away from glass doors and windows.
- Drive only when necessary avoiding flooded areas.
- Keep away and report loose or dangling power lines to 203-387-2511.
- Contact authorities to report police, fire or medical emergencies.
- Listen to the radio or television for updates, and receive storm alerts from The United Illuminating Company via prerecorded calls, emails and text messages. **Register online at [uinet.com](http://uinet.com) to receive alerts and storm status, and to report power outages.**
