

## The Budget and the CCW Housing Proposal

The Board of Selectmen met recently to review budget requests for the next fiscal year. If all requests are granted, our mil rate will be close to 50, which is not acceptable. To add historical perspective, from 2016 to 2022 (6 years), the Town portion of the budget increased by 3.04% while the Amity Regional Board of Education budget increased by 20.5%, and the Woodbridge Board of Education budget by 15.32%. Clearly, Woodbridge supports our schools and education. Education makes up two-thirds of the Town budget.

Next, the Board of Finance will review the Board of Selectmen recommendations, and then the Board of Finance will propose a budget at the April Preliminary Budget Hearing.

The grand list in Woodbridge, our main source of revenue, grew by only 1.7% over the past year. This is the first time in 10 years that it has grown by more than 0.8%. This year's growth is primarily due to the increase in the value of motor vehicles. This lack of meaningful growth does not even keep up with inflation. New revenue is critical to fund our high-quality education and other important Town services. The Town could grow its grand list by expanding the commercial district and also offering new and diverse housing.

The State has established a benchmark which requires 10% of all housing in each municipality be affordable. Currently, only 1.18 percent of Woodbridge homes qualify. It is our Town's legal obligation to provide housing which is not exclusionary and is affordable.

Last year, the Town's zoning laws were challenged. The application implied that our regulations were exclusionary, resulting in a lack of diversity in our population. Our Town Plan and Zoning commissioners did a thoughtful and excellent job balancing the need to provide multi-family and affordable housing with environmental concerns. Woodbridge Zoning Regulations now allow multiple housing units in residential areas, and more density is allowed in areas with sewer and public water.

The former Country Club of Woodbridge (CCW) property

is the largest tract of developable land owned by the Town that meets the above criteria, and it would be wrong to dismiss out of hand a proposal that includes affordable housing. It is important to recognize that Woodbridge, along with most municipalities in Connecticut, face legal obligations to encourage this type of housing in residential areas. We cannot ignore this issue. We must act.

I remain committed to controlling the development of the property and let voters decide this issue. We MUST act on our own, and avoid having development forced upon us through legal action.

The Board of Selectmen are considering a proposal from Arbor Haven to purchase approximately 100 of the 150 CCW acres for \$9 million. The proposal includes building a mixture of housing, some affordable, some over 55, and some single-family homes. All will be for sale, with no rental properties. We currently owe approximately \$3.7 million on the 2008 original purchase price of almost \$7 million. The Town has 10 more years of debt payments. The \$9 million purchase price will fully pay off the remaining debt, and leave over \$5 million for Town services, including education. We are also contemplating a solar farm on part of the property.

Some claim that more housing will attract more school-age children. Smaller "starter" homes, typically, do not bring in many children. There may be some increase in school children, but that is good—more families and more growth! These homes will also be attractive to empty nesters. Our Town's residents are older than the State average, and we should provide appropriate housing opportunities for our older population, and also create housing options to attract younger residents. Most importantly, THE TOWN will control development. I believe the Board of Selectmen has an obligation to let voters decide on the issue at a referendum.

As always, please don't hesitate to reach out to me if you have questions or comments. You can reach me at [bheller@woodbridgect.org](mailto:bheller@woodbridgect.org) or at 203-389-3401.

## Town Job Postings

Town residents are encouraged to check out employment opportunities listed on the Town's website. There are a variety of part-time, seasonal, and full-time positions that Town departments are looking to fill. Some of the positions currently available include:

- **Parks Dept:** seasonal, full-time labor positions

• **Youth Services:** part-time, per diem Program Assistants  
• **Senior Center:** part-time driver  
For descriptions of the open job positions and to print job applications, visit the Towns' website at [woodbridgect.org](http://woodbridgect.org). A complete listing of open positions are listed under **Employment** found via the **Government** tab.

The Town of Woodbridge is an Equal Opportunity Employer.

## Bulk Pickup

Call the Department of Public Works at 203-389-3420 to schedule an appointment for spring bulk pickup. There is a \$50 fee per appointment to be paid upfront prior to pickup.

Spring bulk pickup will take place by appointment only each Tuesday in March through May between 7:30 am - 3:30 pm. Bulk pickup will be offered again during the months of October and November. Residents are asked to limit use of this service to one time per year to allow everyone to

take advantage of this program.

A list of items to be placed curbside will need to be provided. Items should be large household items that cannot fit in a car trunk such as: large furniture, washing machines, dryers, gas grills, lawn mowers, carpeting, bed frames and the like. The disposal fee for freon based appliances (air conditioners, refrigerators, dehumidifiers) is included in the \$50 pickup charge.

Call the Department of Public Work's office with any questions.

## Glass Recycling

The Town now has a bin for residents to recycle glass separately at the Transfer Station.

Separating glass from other recyclable items will help to make the Town's recycling more marketable and reduce the amount the Town pays to recycle by reducing the weight.

Please be certain all recycled glass containers are thoroughly cleaned with labels, lids, and

plastic rings removed.

Broken glass is a main source of contamination in recycling. Broken glass particles attach themselves to other recyclables, and non-broken glass is contaminated with bits and pieces of other trash items. For that reason most glass sent to landfills is never recycled into a new bottle or jar.

## Catalytic Converter Thefts

Like many other communities throughout the state, vehicles are being targeted for the theft of their catalytic converters. A catalytic converter is a critical component of your car's exhaust system and can cost up to \$4,000 to replace. Thieves target it because it contains expensive metals, has a

high street value and removal can take less than one minute!

Please remember to park in a garage or a well-lit area and as always, immediately report any suspicious activity to the Police Department to potentially protect yourself from being the victim of one of these crimes.

## Writing Group Launches at the Library

Seeking Woodbridge People of the Letter! The fourth Tuesday of the month from 3 to 5 pm, the library will host a workshop for writers seeking helpful criticism of their work, inspiration, or if nothing else, commiseration. Whether you labor in obscurity or have “made it” (whatever the “it” you have made it to may be), come and join

your kindred souls as we read each other's fiction, poetry, memoirs, to-do lists, etc.

We can also help you find the resources to make your writing journey easier. All genres welcome—poetry, stories, memoirs, fiction, journalism, etc. Please register at the Reference Desk or via email: [warmstrong@woodbridgetownlibrary.org](mailto:warmstrong@woodbridgetownlibrary.org)

## All CT Reads Discussion of *Transcendent Kingdom*

Join your neighbors for the statewide reading event! An open discussion of the book written by Yaa Gyasi will be held at the library on Tue., March 15 at 6 pm.

*Transcendent Kingdom* is a deeply moving portrait of a family of Ghanaian immigrants ravaged by depression and addiction and grief—a novel about faith,

science, religion, love. Exquisitely written, emotionally searing, this is an exceptionally powerful book.

Copies are available at the library. Ask at the Reference Desk for more information, or contact Bill: [warmstrong@woodbridgetownlibrary.org](mailto:warmstrong@woodbridgetownlibrary.org)

## Art Exhibits Return

2022 welcomed the return of art exhibits to the Library's meeting room for the first time since March 2020. In January, we were honored to host photographer Glen Kapostas, and February's exhibit featured photographs of the treasures of the Amity & Woodbridge Historical Society. March brings perennial exhibitor Palette Art Studio (who was the exhibitor in March 2020), showcasing their students' paintings.

Stop by the meeting room during open hours to see the creativity and to support local artists. For more information on each month's artist, please visit our website, and search "art exhibits."

Interested in having your artwork displayed? All you need to do is fill out a form by visiting our website at: [woodbridge.lioninc.org/events/art-exhibits/](http://woodbridge.lioninc.org/events/art-exhibits/)
