Frank P. Cappiello  
Chief of Police

The Woodbridge Police Department reminds residents to always lock their unattended vehicles.

Opportunistic thieves continue to target unsecured parked vehicles, whether in a parking lot, a driveway, or in an open garage and steal not only valuable items, but often times the vehicle itself.

A thief, whether alone or in a group, can move through the area very quickly entering unlocked vehicles.

Most of these thefts involve vehicles left not only unlocked, but often with the keys or key fob left within.

Please remember, the key to preventing thefts begins with you.
