## Superintendent Search Process Underway

### Parents, Staff and Community Invited to Participate

The Woodbridge Board of Education has engaged the New England School Development Council (NESDEC) to assist them in the search process for a new Superintendent of Schools. Parent, staff and community involvement is an integral part of the search process. The online survey is designed to obtain participant input about the attributes, experience, and knowledge that the new Superintendent should possess. The survey also provides an opportunity for participants to identify immediate tasks which the new Superintendent should address.

Please access the [survey here](#). The survey will be open from **April 10 through April 25, 2025**.

All comments from the online survey are considered anonymous. NESDEC will organize responses by group (administrators, staff, parents, community members, students, etc.). The responses will be provided to the Board of Education in a *Successful Candidate Profile*. Applicants to the position of Superintendent will be screened based on the dominant themes that emerge.

The Woodbridge Board of Education appreciates the public's involvement in the Superintendent Search process and looks forward to hearing community members' views.
